Product Data

Functionality meets modern design. The nature of the uvex hypervision system means that it can be used in a variety of applications. The enlarged field of vision enables optimal visibility of hazards, while the optional faceguard provides additional protection for the face. The attractive design and the individual adjustability of the headband length and inclination make the glasses an attractive companion for everyday work.

General features

- Optional accessory for the uvex hypervision goggles
- Compatible with all PC and CA lens variants (except 9321902)
