Product Data

Incubate, dry and store in the cooled incubator ICPeco.

This environmentally-friendly incubator is cooled with climate-friendly CO₂. Thanks to the excellent thermodynamic properties of the refrigerant CO₂ (R744) and the finely adjusted control technology, the ICPeco cooled incubator is both powerful and high-precision. Without critical temperature overshoots, it keeps the temperatures exactly at the setpoint.

- temperature range up to +60 °C
- 4 model sizes (108 to 749 litres volume)
- double doors standard for all models: Prevention of contamination and drops in temperature, and at the same time an optimum view of the sensitive load through wide-area interior glass doors
- very good air circulation in the working chamber through sophisticated ventilation technology
- intelligent defrosting function

Item No.	model	vol. l	Price
17.1180.05	ICP110	108 l	CHF 8'992.50
17.1180.06	ICP260	256 l	CHF 10'278.00
